

**POSITION:**

Executive Director, New England

ABOUT THE ORGANIZATION:

Let's Get Ready is an innovative, growing nonprofit that provides high school students from communities historically underrepresented in college with free SAT preparation, admissions counseling, and other support services needed to gain admission to and graduate from college. In collaboration with colleges, high schools and community organizations, Let's Get Ready (LGR) has grown to serve roughly 9,000 high school and college students annually through more than 80 programs from Philadelphia to Maine. With a \$3.5 million budget and a staff of 28, Let's Get Ready operates out of its headquarters in NYC and a regional office in Boston. LGR plans to double the number of students served over the next three years, and is focused on significantly increasing revenues and awareness necessary to support this future growth.

LGR uses a unique near-peer model that is proven to connect with students from low-income and first-generation college-going backgrounds. LGR engages and trains college student volunteer Coaches to deliver services. Some Coaches are from the communities we serve; all have recently gone through the college admission, financial aid and matriculation process. From this vantage point, they can connect with high school students and impact them deeply, offering encouragement, inspiration, and guidance that delivers tremendous results. LGR then supports their transition and ultimate success, leveraging the near-peer model throughout the college experience by pairing students with more senior college students who can help them adjust, adapt, and succeed through to graduation. LGR students are extraordinarily successful, graduating at 5 times the national average for students from low-income backgrounds.
